Council Meeting

Minutes of the regular meeting of the Wetaskiwin Town Council held at the Town Clerk's office at 8 p.m., Oct. 7th, 1903. Present: Councilors, West, McEachern, McKay, Gould and Schmidt. Councilor: McEachern took the chair.

The minutes of the previous regular and the intervening special meeting were read and confirmed. Outward Correspondence was read as per letter book.

Inward Correspondence was read as follows: Canadian Fire Engine Co., re Steam Fire engine; Canada Metal Co., Toronto, re Lead Pipe.

Councillor McKay asked leave of the Council to introduce with-out notice of motion a by-law of Debentures for \$12,000 to be expended for the purpose of providing efficient fire protection.—Carried.

Councillor McKay received permission to read the by-law a second time, and the same was then taken in Committee of the whole and reported by said Committee.

A Petition for a sidewalk was presented in order and in the usual form from The Secy-Treasurer Wetaskiwin School District and Trustees and Secretary of Methodist Church asking that a four foot sidewalk be built in front of block 23 on south side of Stanley St., Wetaskiwin.

On the motion of Councillor McKay, seconded by Councillor West it was unanimously agreed to build the sidewalk as petitioned.

The Report of the Trustees of the Wetaskiwin Public School Dist. No. 274 was received demanding \$3,595 as the amount necessary to meet the Expenditure of the School District for the current year. On the motion of Coun. McKay, seconded by Coun. Gould it was unanimously agreed to accede to the demand of \$3,595.

The report of the Trustees of the Roman Catholic Separate School was received demanding \$1,200 as the amount necessary to meet the Expenditure of the School District for the current year. On the reading of the report it was unanimously agreed to grant same to the Separate School.

Mr. J. H. Walker, assessor, reported the assessed assessment for Separate School properties both Municipal and Farm lands to be \$121,000; Public School assessment, Municipal and Farm lands, \$522,779; Municipal assessment, \$79,084.

Councillor West begged leave from the Council to introduce a bill without notice of motion for the levying of a rate for municipal and School purposes for the year 1903, agreed unanimously. Coun. West asked leave to read the bill a second time which was agreed to. The bill was read a second time was reported by Committee of the whole and on the motion of Coun. McKay, seconded by Coun. Gould, the same was passed a third reading and finally passed as by law No. 39, of the Town of Wetaskiwin.

BY LAW NO. 39.

A by-law, of the Town of Wetaskiwin, levying a rate for Municipal and School purposes for the year 1903. The Mayor and Council of the Town of Wetaskiwin enacts as follows:

1. A rate of half a cent in the dollar is hereby levied for Municipal purposes upon the assessed value of all lands, with their improvements and on personal property as set forth in; and according to the Revised Assessment Roll of the Town of Wetaskiwin for the year 1903, such rate to be for the period commencing on the 1st day of January, A. D. 1903 and ending on the 31st day December, A. D. 1903, and to be collected by and payable to the Secy-Treasurer on the 30th day after Tax notices are issued by Secy-Treasurer.

2. A rate of one cent and a quarter in the dollar is hereby levied for Public School and Separate School purposes upon the assessed value of all lands with their improvements and personal property as set forth in and according to the Revised Assessment Roll of the Town of Wetaskiwin for the year 1903 such rate to be for the period commencing on the 1st day of January, A. D. 1903, and ending on the 31st day of December, 1903, and to be collected by and payable to the Secy-Treasurer on the 30th day after Tax notices are received by

Secy-Treasurer. Mr. Chas. Peterson, of Railway St., east begged and received leave from the Council to temporarily remove sidewalk fronting blacksmith shop adjoining his hardware store on Railway St. east whilst said blacksmith shop was being removed.

Mr. John West begged and received leave from the Council to remove for a short time the sidewalk fronting his new brick building whilst the holes underneath were filled up.

West—Farris—That the Public works committee be instructed to have the holes in the road on Pearce, Lansdowne and Railway Streets properly filled in as they were in the present condition obstructing traffic.

Coun. Schmidt begged leave to introduce a by-law without notice of motion of the Municipal Council of the Town of Wetaskiwin to authorize the borrowing of \$4148.14 by debenture to pay for local improvements (comprised in special rating areas No's. 1 to 19 inclusive) agreed unanimously. Coun. Schmidt received the unanimous permission of the Council to read the bill a second time and after being reported in Committee of the whole the bill was reported for third reading.

On the motion of Coun. McKay, seconded by Coun. West the following accounts were passed for payment (of a total of \$2,850.92):

R. C. Bauer.....	\$ 34 56
A. S. Rosenrohl.....	184 38
Geo. H. Robinson.....	6 00
E. Brock.....	4 00
Old Brandt.....	2 70
Mr. Canfield, Jr.....	75
Jno. Size.....	5 50
Geo. Wallace.....	25 55
E. T. Jacobs.....	2 00
A. S. Rosenrohl, salary.....	7 00
J. S. Robertson, salary.....	40 00
A. S. Rosenrohl, telegram.....	3 00
C.P.R., per A. S. Rosenrohl disbursement, freight.....	11 56
A. S. Rosenrohl, salary two months.....	33 32
Total	\$2,850.92

Councillor McKay gave notice of motion that at a next meeting of the Council he would move that Mr. Geo. B. Hewwood be appointed Solicitor for the Town of Wetaskiwin. The meeting then adjourned.

J. Y. BYRNS,
Deputy Town Clerk.

Minutes of a special meeting of the Wetaskiwin Town Council held in the Town Clerk's office at 10 a.m. on Thursday, Oct. 12th, 1903, called for the purpose of discussing fire protection. Present: Councilors, McEachern, McKay, West and Schmidt. Councillor West on the chair.

On the motion of Coun. McEachern, seconded by Coun. Schmidt unanimously agreed that the Town Clerk be instructed to write Messrs. Cushing Bros. Co., Ltd., Edmonton, and order in accordance with the letter of 10th of June the material for three tanks at a cost of \$290, the tanks to be 10 feet deep and 16 feet in diameter.

Councillors McKay, Schmidt, McEachern and West asked that the Mayor convene a special meeting of the Council Wednesday, Oct. 14th. The meeting then adjourned.

J. Y. BYRNS,
Deputy Town Clerk.

The Conservative Meeting

A very successful and well-attended meeting of the Conservatives of Wetaskiwin and District was held in Gould's Hall on Monday night, Mr. Tweed, president of the Territorial Conservative Association, and Mr. W. H. Hastings, party organizer, were present. In the absence of Dr. Walker, Mr. J. F. Fowler took the chair and briefly introduced the visiting gentlemen. Mr. Tweed, in a good strong speech, gave an account of the work the party is now doing in the Territories, and briefly outlined the test of the policy of the Conservative party. His address was attentively listened to and called forth hearty applause at different times from the audience.

Mr. Hastings' speech was of a different nature and entirely technical. He informed the meeting of the system which he inaugurated in Manitoba prior to the last dominion and provincial elections there. His speech was one intended chiefly for instruction and there is no doubt whatever in the minds of those who were present that the system which he is establishing throughout the whole of the Terri-

SPECIAL SALE OF WINTER HOSIERY.

Even now the necessity of warmer stockings for children is face to face with mothers. The children cannot go around much longer in cotton hose. This sale will therefore come as a relief to those who have been trying to figure out how they can buy stockings for half a dozen little feet and our low prices for such good values will please every mother in this vicinity.

Boys' heavy ribbed black wool hose for winter, sizes 8 1/2, 9 and 9 1/2, regular 35c a pair, selling now at **25c**

Children's ribbed wool hose, extra spliced knees and seamless, odd sizes, regular 35 and 30c a pair, clearing at only **20c**

Ladies' fine cashmere hose, all sizes, and made to sell at 35c, reduced to **25c**

Ladies' extra fine cashmere hose that would be considered cheap at 50c, now selling at or three pair for \$1. **40c**

COZY WAISTS FOR AUTUMN WEAR

You will want a comfortable waist for fall and will want it stylish, neat and of good material. You will want it at a price in keeping with what you can afford. These and a great number of others we can show you will no doubt fill the bill:

Ladies' flannelette waists in different colors, worked fronts, fancy collar, fast colors, assorted sizes, good value for only **\$1.00**

Flannelette waists in pretty, fancy patterns, full fronts, tab collars, assorted, blues, blacks and reds, pretty styles, special for only **\$1.50**

Dainty satin delains, pretty patterns, large sleeves, fancy collar and cuffs, lined throughout, nicely stitched and made to sell at \$3.50, now **\$2.50**

Stylish waists in black and cream lustre, back and sleeves in large ticks, large pleat in front, fancy collar, fine quality, from **\$3 to \$4**

A splendid range of pretty colored silk waists in all the newest patterns and styles. We keep up with the fashions of the day and give you a good choice and good values at satisfactory prices.

PRESERVING FRUITS—Now is the time to lay in your winter supply of preserving fruits when you can get them at right prices at

A. R. DICKSON'S.

ories, if properly carried out, will be one which will revolutionize the status of the Conservative party in the Territories. He was also much applauded and was listened to with close attention. In a few well-chosen words, the chairman then thanked the speakers, after which the meeting dispersed, all feeling determined to contribute their best aid to the Conservative cause.

*The Edmonton Post prints more telegraphic despatches than any other paper in the North-West Territories. The Post and The Times one year for \$2.00. 20¢

The yield of 286 pounds from five pounds of potatoes reported as grown by Mrs. Hail a couple of weeks ago was good; that of 302½ from three pounds by John Dickson was better; but neither one is very large compared to what Jos. Reid did. From five pounds planted last spring he dug last week 990 pounds of fine large potatoes.—Poncha Herald.

*Buy flour made by your own district mill. Keep the money in the country and save yourself money on each bag. We can supply you with any grade of flour you want from a cheap grade to a grade that will make as many loaves of bread to the barrel as any imported flour on the market. THURSDAY, OCTOBER 15, 1903.

The Council Upheld

A most enthusiastic and largely attended meeting of the ratepayers of Wetaskiwin was held in Gould's Hall on Friday evening of last week, to discuss the question of fire protection, and to consider the by-law which is being presented to the ratepayers for ballot, on the 31st Oct. Mr. J. F. Fowler was elected to the chair, and Mr. J. Y. Byers was elected secretary.

Mr. Fowler briefly explained the object of the meeting, and then left the question open for discussion.

Mr. John West, as a member of the council, said he was glad to see such a large crowd present and such interest taken in the question of fire protection. He stated that the council had had questions on engines from several firms, and he thought the best course to follow would be to purchase an engine with a capacity of about 300 gallons per minute, and put down water tanks. As the season was now so late, it would be impossible to put down sufficient tanks to cover the entire town, but the congested portion could be protected. Each tank would have a capacity of around 15,000 gallons and it would take about 40 minutes with the engine pumping full capacity to empty it. Mr. West favored the stand pipe and water mains, but as this would cost from \$40,000 to \$50,000 the town could not go to that expense.

Mr. J. W. Herie said he understood there were letters on file from Waterloo and elsewhere stating that the waterworks system could be installed for \$22,000 to \$25,000. To this Mr. West said the Edmonton engineer had made an estimate and quoted \$35,000.

It was then moved by Mr. H. D. Mills and seconded by Mr. E. D. H. Wilkins, that the recommendations of the council be endorsed by this meeting.

Mr. J. H. Walker in speaking on this motion said he was thankful that this meeting was held and that something was being done towards protection. He agreed with Mr. West in that the standpipe was troublesome and expensive. The borrowing power of the town was limited to \$48,000, and as the council was now borrowing \$16,000 the borrowing power would be further curtailed. And even if the standpipe system was installed, the tanks would be needed. The scheme introduced by the council received his hearty support.

Before Mr. Walker resumed his seat he incidentally touched on the question of electric light and thought the council should take up the matter and install a plant to be owned and controlled by the town.

W. J. McNamara thought the action of the council was feasible as there was a long season ahead and there was no protection. The scheme was practical as really no debt would be incurred, as the engine would be a valuable asset.

After all had spoken who desired, the chairman, Mr. Fowler, said Wetaskiwin had the possibilities of a great town and the ratepayers should frequently meet to look over affairs and plan for the development of the town.

The motion was then put to the meeting and the scheme received the unanimous approval of those present.

Mr. McEachern, on behalf of the council, then thanked those present for the hearty manner in which the action of the council had been endorsed, after which the gathering dispersed.

A Good Send off

In last week's issue we omitted the mention of the happy dance given in honor of Geo. Burke on his departure from town. On learning of Mr. Burke's intention to leave town, arrangements were at once made by his hosts of friends to give him a good send-off in the form of a dance in Paton's Hall, which was given on Monday evening. A large crowd was present and one of the most enjoyable dances of the season was held. During George's so-

Accidentally Shot

On Saturday Oct. 3, three men, one Bohemian and two Germans, went out in a boat on Crooked Lake to shoot ducks. One of the Germans, in reaching for his gun caused it accidentally to discharge and the charge went into the Bohemian's shoulder, badly wounding him. A doctor was obtained from Wetaskiwin who extracted eight grains of shot from the wound and a lot of the wounded man's torn clothing which had been driven with the charge into his torn body. The poor fellow suffered intensely from the wound and operation of moving the shot from the gash made in his shoulder. He was taken to the Edmonton Hospital to be better cared for. It is very strange how slow some men and boys are to learn of the danger there is in handling firearms. Experience seems to be their only teacher; and then the trouble frequently is, that the wrong fellow generally has the experience.—Record.

"A Chicken Shooting Scene"

The September picture presented to readers of the Weekly Free Press is one which is sure to appeal to everyone throughout the west. Nothing could be more appropriate at the present season. The picture is a strikingly artistic reproduction in the original colors of the painting "Scouting" by the celebrated painter D. W. Huntington. It shows a sportsman out after chicken. The manner in which his two dogs are shown at work will delight every dog lover and sportsman. The scene is a typical Western one—an expanse of stubble, with bushes in the background, some low hills blue on the horizon, the sky flecked with a few white clouds, and over all the clear September sunlight.

Largest Locomotive

What is said to be the largest locomotive in the world is now under construction at Schenectady. It will carry a weight of 270,000 pounds directly on the six pairs of drivers, and it will have no small trucks, or bogies. This gives an unprecedented power of adhesion to the track and will obviate most of the slip that is characteristic of all locomotives which derive their

traction power from the friction of propelled wheels upon a smooth steel track. This huge machine is for the H. & O. line, and is really a double engine. The three forward pairs of drivers will be attached to a rigid frame and driven by low pressure cylinders. The three rear pairs of drivers will be in a swivel frame and they will be driven by the high pressure cylinders. The two frames will be articulated together so as to accommodate themselves to the curves. The entire driving-wheel base will measure 35 feet 6 inches in length, but each of the two rigid wheel bases will measure but 10 feet in length. Its design is in adoption of one of the European types of locomotives.—Money Times.

Diarrhoea Weakens the System

If not checked becomes a chronic condition. No remedy compares with Nerville's which is prepared specially for stomach and bowel troubles. As radical cure for chronic colic, gas, flatulence, summer complaint, Nerville's excels everything in the medical line, is an indispensable household staple, and cost only 25c. Buy a bottle today. Try Dr. Hamilton's medicine pills.
